

GoChi[®]

A Berried Treasure of
Health and Vitality

Some of the longest-living people regularly consume the goji berry, which is widely considered one of the world's most powerful foods. Its unique secret lies in a group of bioactive molecules called Lycium barbarum polysaccharides (not found in any other plant). Using our exclusive Advanced Spectral Signature LBP Process™, GoChi produces the only standardized form of this potent little berry.

With high levels of antioxidants, GoChi may help support your immune system, protect against free radicals, and so much more. *

Who It's For: Anyone seeking a convenient way to support overall health.

What It Does:

- Provides high levels of antioxidants for immune system support *
- Promotes the support of energy levels *
- May provide protection for the eyes *
- Promotes skin health *

What Sets This Product Apart?

- The first product with a proprietary extraction process that creates the only standardized form of the goji berry
- Advanced Spectral Signature LBP Process delivers 30% more perfectly balanced LBPs than our original juice
- No added sugar, artificial colors, sweeteners, or preservatives

Himalayan Health Secret

Vital Life Force

For thousands of years, the goji berry has been revered throughout Asia for its unmatched ability to promote health and balance the body's energies, especially the "vital life force" known as chi. You'll find this essential support system in every bottle of GoChi. Enjoy!

Main Ingredients/Benefits

Proprietary HIMALAYAN GOJI® juice from concentrate

Known to help support the immune system, protect against free radicals, support optimal energy, protect the eyes, and promote skin health.¹

White grape juice and red grape juice concentrate

Contains over 1600 antioxidant plant compounds, which are known to help repair cell damage caused by free radicals.²

Pomegranate juice concentrate

Contains one of the highest levels of antioxidants - three times higher than red wine and green tea.
